

**Laura Sternesky, M.P.A.**

Laura Sternesky is Senior Policy Analyst, Genetics, at the Association of State and Territorial Health Officials (ASTHO). Before joining ASTHO in 2001, Ms. Sternesky served as Project Associate and Research Assistant at the Greater New York Hospital Association, where she participated in a project to protect the tax-exempt status of nonprofit health care organizations and in all aspects of health care business development. Prior to that, Ms. Sternesky researched Medicare and Medicaid reimbursement, immigration, and welfare policy for the Queens Health Network, part of the Health and Hospitals Corporation of New York City. She also assisted in developing recommendations for a genetic testing policy for New York State during her internship with the New York State Department of Health's Task Force on Life and the Law. Ms. Sternesky received her Bachelor of Science degree in biology from Cornell University with a concentration in genetics and development, and her masters of public administration with a concentration in health policy and management from New York University.
